

ALLIED HEALTH AND MAJORS MICROBIOLOGY

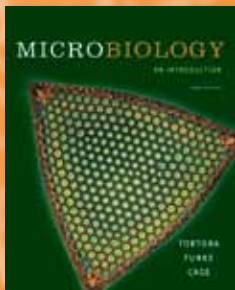

Allied Health

NEW! *Microbiology with Diseases by Taxonomy with MasteringMicrobiology*,[™] Third Edition

Bauman
© 2011 • 978-0-321-66766-3 • 0-321-66766-2

The Third Edition of *Microbiology with Diseases by Taxonomy* is the most cutting-edge microbiology book available, offering unparalleled currency, accuracy, and assessment. The state-of-the-science approach begins with a compelling focus on emerging diseases and diseases students will encounter in clinical settings. Both students and instructors will benefit from the new, unrivaled MasteringMicrobiology program.

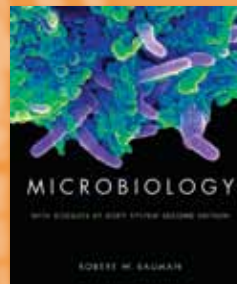

***Microbiology: An Introduction*, Tenth Edition**

Tortora/Funke/Case
© 2010 • 978-0-321-55007-1 • 0-321-55007-2

This #1 selling non-majors microbiology textbook is praised for its straightforward presentation of complex topics, careful balance of concepts and applications, and proven art that teaches. In its Tenth Edition, Tortora/Funke/Case responds to the #1 challenge of the microbiology course: teaching a wide range of student levels, while still addressing student under-preparedness. The Tenth Edition meets students at their respective skill levels.

**Available with MasteringMicrobiology
for Fall 2010 Classes!**

***Microbiology with Diseases by Body System*,
Second Edition**

Bauman
© 2009 • 978-0-321-51341-0 • 0-321-51341-X

Designed for pre-nursing and allied health students (and also mixed-majors courses), this text retains the hallmark art program and clear writing style that have made Robert Bauman's books successful. The Second Edition features increased clinical coverage as well as a strong focus on the beneficial effects of microbes.

**Available with MasteringMicrobiology
for Fall 2010 Classes!**

***Brock Biology of Microorganisms*, Twelfth Edition**

Madigan/Martinko/Dunlap/Clark
© 2009 • 978-0-13-232460-1 • 0-13-232460-1

The authoritative text for biology, microbiology, and other science majors continues its tradition of impeccable scholarship, accuracy, and outstanding illustrations and photos. This book balances the most current science coverage with the concepts essential for understanding the field of microbiology.

Make Learning Part of the Grade[®]

MasteringMICROBIOLOGY[™]

www.masteringmicrobiology.com

Used by over a million science students, the Mastering platform is the most effective and widely used online tutorial, homework, and assessment system for the sciences.

MasteringMicrobiology

- Lets instructors easily assign media that is automatically graded
- Provides students personalized coaching and feedback
- Motivates students to come prepared for lecture and lab
- Easily captures data to demonstrate assessment outcomes

Get Ready for Microbiology

Get Ready for Microbiology Media Update

Garrett/Penn
© 2010 • 978-0-321-68347-2 • 0-321-68347-1

Help students quickly prepare for their microbiology course with useful materials for future reference. The workbook gets students up to speed with chapters on study skills, math skills, microbiology terminology, basic chemistry, basic biology, and basic cell biology before a final chapter that introduces students to microbiology.

This Media Update features a Companion Website with pre- and post-tests with instant feedback, personalized study plans, animations, activities, tutorials, and Pearson eText with live links.

Current Issues in Microbiology

Current Issues in Microbiology, Volume 2

Current Issues in Microbiology, Volume 1

© 2007 • 978-0-8053-4623-7 • 0-8053-4623-6

Now you can give students the best of both worlds—dynamic and relevant articles from *Scientific American* and the clarity and reliability you expect from Pearson microbiology textbooks.

www.microbiologyplace.com

The MyMicrobiologyPlace Website will help get your students ready for tests with its simple three-step approach:

- Take a Pre-Test and obtain a personalized Study Plan.
- Learn & Practice with animations, tutorials, and MP3 Tutor Sessions.
- Test Yourself with quizzes and a chapter Post-Test.

Also includes MicroFlix,[™] BioFlix,[™] MP3 tutors, Pearson eText, over 115 animations, and much more!
