

21 To update the graph, one must perform the following steps.

- (i) Delete the data point associated with 1990.
- (ii) Translate the remaining four data points 1 unit to the left.
- (iii) Relabel the x -axis from 1991 to 1995.
- (iv) Add the data point (1995, 192) and complete the line graph as shown in *Figure 21*.
