# A BRIGHTER FUTURE IN PUBLIC HEALTH

Submit your winning ideas and apply for the 2007 Benjamin Cummings Allied Health Student Scholarship. Benjamin Cummings will award five students \$1,000 scholarships toward their continuing education for sharing their ideas, experiences, and solutions regarding public health issues.

## HOW TO APPLY

### STEP 1 BRIEFLY (IN 1-2 TYPED PAGES) ANSWER ONE OF THE FOLLOWING THREE QUESTIONS.

1. Public health is an exciting and growing field which confronts complex health issues such as how to improve access to health care and control infectious diseases. Explain how your education has prepared you for this field and how you will make a difference.
2. The focus of public health is on prevention over treatment. Select a field and suggest what you might do locally or nationally to better protect the health of your fellow students.
3. How do you see the field of public health changing in the future, and which profession do you believe will expand fastest and provide the most challenges? If you were in this profession, how might you improve it?

### STEP 2 ATTACH YOUR RESPONSE TO THE APPLICATION FORM.

Applications will be judged based on the creativity, enthusiasm, focus, overall thoughtfulness, and practical value of your response.

Five student entries will be selected to receive a \$1,000 scholarship award, and all entries will be eligible for display on our "Great Ideas!" website. Benjamin Cummings may offer to purchase selected submissions for commercial use in our textbooks or laboratory manuals.
